It occurs every two years, and the process includes a random selection by NAEP, and the program randomly selects 50-4th grade students. There is a lot of work to be done to prepare for the assessment, and this process begins in September and extends to the month of January. The NAEP team completed this assessment on January 29, 2026, and successfully completed it with 87% of the students selected. The Site Coordinator for NAEP expressed that this is a successful percentage and commended the Napi Elementary for ensuring a smooth testing process.
