To: Mr. Alonzo Guerrero
Health/Operations Director
Brownsville Independent School District

It is my understanding that the Brownsville Independent School District has several portable buildings available for donation. I am requesting that two portable buildings be donated to the Cameron County Sheriff's Office to further our training capabilities. The Cameron County Sheriff's Office strives to be a partner with law enforcement agencies throughout the region, to include the Brownsville Independent School District, to prepare our officers to serve our communities.

We plan to place these buildings at the Cameron County Sheriff's Office shooting range. Currently, our indoor classroom is located several miles away from the range. These buildings will allow officers utilizing our facilities to engage in better training while remaining more engaged by cutting down on travel time. The buildings will also allow officers relief from the elements during down time. Exposure to the elements negatively affects our training capabilities.

The law enforcement agencies that utilize the Cameron County Shooting range are as follows:

Brownsville Independent School District Police, U.S. Border patrol, U.S. Homeland Security, The Texas Department of Public Safety, and Texas Parks and Wildlife.

Thank you for your time and I look forward to hearing from you soon.

Respectfully
Sheriff Eric Garza
