

Health Services Update

Nicole Goodman | Director of Health Services

Health Services Impact

- Care of Students, Staff & Community
- Goals and Implementation
- Community Partnership

Care of Students

August 2024-December 2024

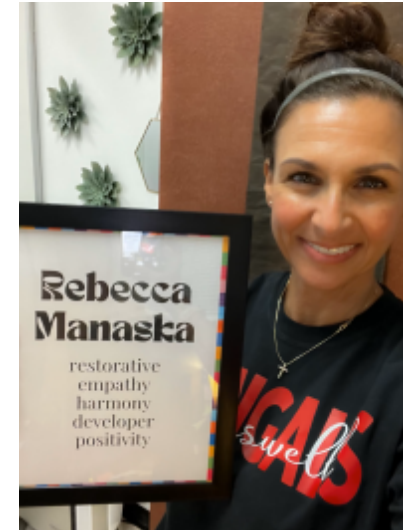

- 16,000 Individual Students have visited the nurse's office
- 37,000 office visits
- 28,000 medication/treatment visits
- 37,000 State-Mandated Screenings

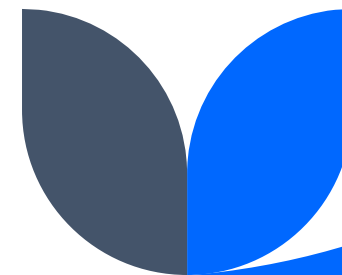

Goals and Implementation

- School Nurse Assistance Program (SNAP) update

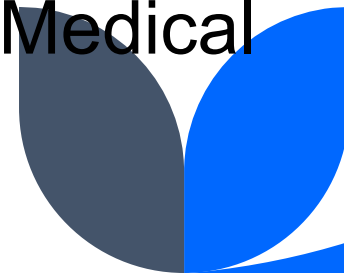

- Building community within the department

Internal Collaboration

- Risk Management: First Report of Injury & Students Accident Reports
- Child Nutrition: Allergy management & medical dietary needs
- Special Education: Interpret individual medical needs, Individual Health Plans/504 & implement care needed for students to be successful in the classroom.
- Transportation: Safety Training
- Concentra: Staff & dependent care
- Safety and Security: Manage Emergency Response tools, Participate on BERT Teams and Bring a Medical Perspective to School Safety

Partnership with DENCO Area 911

- Spring 2025 mapping of all District AED's

“Healthy kids make better learners.”
