The Administration is recommending updating of the AR for policy JFG- Student searches to be more inclusive, center students preferences, and update documentation practices.

Additions are bolded and in blue color.

Deletions are bold, struck through, and in red color.

Overview of AR Changes:

- Section 4f: Student focused language allowing students to choose the gender of the trained staff member who conducts a search as long as a trained staff member of the requested gender is available.
- Section 4h: inclusive language added for students who identify as non-binary
- Section 5b: adds “or designee”
- Section 6a(1)(a): allows for destruction of prohibited items that parents and families do not want to pick up.
- Section 7a: Operational change as Campus Safety Liaisons, counselors, and others may be completing documentation requirements
- Section 7c: ORS do not generally require search records to be included in a student's education record. This limits when searches would be added.
- Search form section 3: inclusive language added for students who identify as non-binary
