

Minidoka County School District

Idaho School Board Association (ISBA) Awards

January 21, 2019

Each year the Idaho School Board Association acknowledges the efforts of school board trustees across the state in increasing their education in this important position. Individual board members can earn the **Trustee Award of Boardsmanship** at one of four levels of recognition; Achievement, Excellence Mastery, and Distinction.

I am pleased to announce that three of our board members met the requirements for the

Trustee Award of Boardsmanship Excellence Award

Chair Bonnie Heins

Trustee Jeff Gibson

Trustee Mary Anderson

No one individual board member can make decisions for the District. The Board functions as an entity in and of itself and all decisions must be made by the Board. The ISBA has recognized our Board for having at least two thirds of their trustees get the **Trustee Award of Boardsmanship**. Our Board has received this award for each of the past four years. I am pleased to acknowledge that once again been awarded the **Master of Boardsmanship Award** as a full board.
