

Minutes of the PSDC Committee

September 4, 2013 – 7:30 a.m. – Elementary Conference Room

Members Present: Debbie Petzel, Donna Asper, Joni Jensen, Sheryl Holmgren, Zack Fugate, Karoline White, Yvonne Sorensen, Linda Leidle, Lynn Steinmetz, Brandon Robinson, David Anderson, Shaun Fisher, Elizabeth Jorgensen, Brian Collins

- Sept 27 was initially scheduled as a PBIS training day. The committee discussed the importance of having at least an hour for PBIS but also the need to reinforce and develop work in online software applications such as staff websites, Promethean and e-Backpack.
- PBIS training will occur as a collective district-wide theme but handled on a by-building basis. PBIS coaches will need to meet before the meeting to develop the district-wide plan.
- Tech coaches will be available while staff are working on learning the ins and outs of the growing Internet teaching experience.
- Support Staff will be needed at the PBIS meetings, and after that, individuals will find out from building principals remaining use of time.
- Contact PBIS coaches -- David Anderson
- Contact Tech coaches -- Brandon Robinson
- If people can come up with some committees that could spread out the work load and become more involved in the processes of PSDC and possibly even provide monthly reports this would be excellent.
