SUBJECT: RECOMMENDATIONS FOR CLOSED CAMPUSES

BOARD GOAL: All students will achieve educational excellence.

All systems in the Keller Independent School District will be effective, efficient, an accountable in support of the district's mission.

FISCAL NOTES: None

ANTICIPATED

DATE FOR ACTION: February 26, 2007

Background Information:

- The KISD continues to experience very high growth rates. The district adds approximately 1600-2000 new students per year. This growth will continue for several more years.
- This growth has contributed to overcrowding and capacity concerns at most KISD campuses. In 2006, the district closed seven elementary and two high school campuses to new transfer students.

Administrative Considerations:

- Enrollment in KISD is growing at such a rapid pace; early determination of campuses that are or are expected to exceed capacity must be accomplished prior to the first day to apply for transfers. This would be the case for the 2007-08 and all school years to follow.
- Campuses will be "closed" as a whole campus as opposed to by grade-level or class count for many reasons, including the limitations on core space (cafeterias, gyms, restrooms, etc.)
- KISD transfer process for the 2007-2008 school year begins March 1, 2007.
