Specifications

Maximum operating pressure:

Maximum operating temperature:
35°–100°F (1.7°–38°C)

Flow Rate: AR-10000 0.75 gpm (2.84 LPM)
AR-20000 0.75 gpm (2.84 LPM)
AR-40000 1.5 gpm (5.68 LPM)

Cartridge Housing Material: Talc Filled Polypropylene

Primary Filter - 1 micron particle reduction. Filter media is graded density carbon block containing Silphos scale inhibitor, which holds dissolved minerals in suspension. (AR-10000/20 grams silphos, AR-20000/40 grams silphos, AR-40000/80 grams silphos – 40 grams per cartridge).

Inlet/Outlet fittings - 3/8" John Guest

Optional Pre-Filter – An optional pre-filter is recommended for ice machine installations in areas with high particulate matter (dirty water). The pre-filter extends the filtration efficiency and working life of the primary filter cartridge where this condition exists. The Manitowoc pre-filter is a cost-efficient solution to the particulate matter (dirty water) problem because pre-filter replacements are more economical than a primary filter cartridge.

Replacement Cartridges:

Pre-FilterK-00337
Primary Filter AR-10000K-00338
AR-20000/40000K-00339

To insure maximum filtration efficiency, replace the primary filter cartridge every 6 months. A filter gauge will indicate if replacement is necessary prior to six months usage (below 20 psig).

Important notice: Read this performance sheet and compare the capabilities of this unit with your actual water treatment needs. It is recommended that you have your water supply tested to determine your actual water treatment needs before purchasing a water treatment unit.

Warning: Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfections before or after the unit.

Caution: The filter must be protected from freezing. Failure to do so may result in cracking of the filter housing and water leakage.

Note: Before using the Arctic Pure on non-Manitowoc machines consult the ice machine manufacturer for water supply usage requirements.

Warranty: 3-Year parts and labor warranty on head, shroud, hardware, and mounting assembly (water filter cartridge not included).
