

Barry Craig Stewart Kasaan School  
February 2021 Board Report

At this time, Kasaan School has an enrollment of 19 students and one preschooler who may enroll soon. MAP and i-ready testing was a great success. It was a hard two weeks, but our students stayed focused and strong and were able to finish without too many tears. We have received positive feedback from parents on the reports and follow-ups, and are eager to use this new information to help fill in any gaps that students may need.

This month we have started archery practice after school on Mondays and Wednesdays. We are pleased to say that we have 100% participation from our students. We have also been transporting two of our students into Thorne Bay for girls' and boys' basketball and have been super thrilled to support them and help them in any way we can. Our younger students are excited to start swimming lessons as soon as possible.

School is progressing very well without any problems. Most importantly, kids are happy and excited to learn. I would like to acknowledge and give a huge thanks to Jessica West for always giving a 100% in everything she is asked to do; I could not do my job without her.
