

MHS School Board Report

March 2025

Attendance

Attendance is up to around 94.12% for our students for the month of March. Our Friday attendance is up to 88.8%. I believe this is a direct connection to regionals being in Ketchikan and the number of families that traveled the week prior to spring break.

Our current enrollment is at 101 students

Issues Within the High School

Staff:

We continue to fight illness that goes through our staff and then recirculates. We have been completing teacher evaluations through the last couple weeks and having some great conversations with each one. It's that time of year that teaching is a grind and competing with the nicer weather for the students attention is a challenge.

Students:

Almost 30 of our students are traveling to Music Fest in Juneau. This is a great time for many of our students to shine. We also have 3 of our seniors headed to the all-star game in Anchorage.

Admin:

Continue to research the early release and purpose of other schools. Visitor and parent parking.
