STAFFING:

Teachers and teacher assistants working in the Summer School Program will be compensated based on hours of instruction. Summer School Principals will be responsible for hiring their staff members. Staff members who have previously worked in Summer School and are certified and work in corresponding grades will be considered first. No Summer School employee will be allowed to miss more than one day because of staff development unless permission is granted by the Summer School Principal. Total staff will be determined based on student numbers.

REQUIRED PARTICIPATION:

Students who score ***Did Not Meet*** on the STAAR assessment or who do not meet **state-mandated attendance requirements** are **required** to participate in the summer school program. High school students are required to attend summer school for STAAR remediation and/or credit recovery, as applicable.

Failure to attend the required summer school program may result in campus-determined consequences, including assignment to Accelerated Instruction courses and/or a Grade Placement Committee (GPC) review to determine the student's academic placement for the following school year. Each campus is responsible for maintaining an up-to-date list of required students and documenting the criteria used to determine participation.

SUBSTITUTES:

All personnel who are absent will be responsible for hiring (but not paying) their substitutes. Substitutes should enter work times electronically and will be paid according to True Time records.

TRANSFER STUDENTS:

Students currently not enrolled in Levelland ISD must present a letter from their sending school to the principal of the school they wish to attend indicating that they must attend summer school in order to be promoted to the next grade. A fee of \$100 will be assessed these students. Acceptance into the program is not guaranteed.
