Title: Transportation Supervisor

Subject: Recommend ProVision for Transportation Camera Proposal

Description: Transportation is recommending to go with the ProVision camera bid for buses. They are better quality, wider lens view, clearer, have 5 year warranty, exterior view is wider and more clear, they have a dual stop arm camera (180 degree vision), which will capture vehicle stop arm violations including license plate numbers up to speeds of 70 miles per hour. I think they will have better customer service as well. The installers are direct from the factory where the other camera companies were going to contract that part out to a different company. ProVision will come here to install and show our camera person and mechanics how to troubleshoot.

Financial Impact: Bus Deprecation

Funding Source (Budget/grant, etc.): (60/40) 111/211-96-167-2700-730
