Public Complaints about the Curriculum or Instructional Materials

This is addressed in policy IIA

Occasional objections to the selection of instructional materials or techniques may be made by the public, despite the care taken to select those materials most valuable for the student and the teacher. The complainant will be asked to complete the form, Citizen's Request for Reconsideration of Instructional Material. Upon receipt of a request for reconsideration, the teacher and the person(s) responsible for selecting instructional materials will review the material in question and report their findings to the citizen. Copies of the request form and the report will be sent to the superintendent. If the citizen is not satisfied with the decision contained in the report, he/she may appeal the decision, as provided in the Board's general policy on public complaints.

At all levels, review of materials will be in the light of Board policy establishing selection criteria for instruction and supplementary material.

Complaints about Library Materials

Criticism or challenge of any school library materials will be submitted in writing to the superintendent, who will appoint a review committee from the faculty, including the librarian. Challenged material will be judged by this committee in accordance with above cited procedures. Materials involved will not be suspended from circulation, unless the faculty committee so recommends or the Board so determines.
