Happy Monday, SISD!

SISD is honored to announce the iCHAMPION Summit - a truly awesome and unique learning opportunity. We have been chosen as 1 of a handful of locations in **all of Texas** to offer hands-on professional development highlighting **Google Apps for Education with an emphasis on Apple iOS/OSX integration** as well as best practices for effectively incorporating makerspaces and technology into the curriculum.

The iCHAMPION Summit is **open to educators and learning leaders all across Texas** (which means, **YES**, you can invite colleagues from outside the District). Adding to our iCHAMPION team are Google Certified Trainers and Innovators, Apple Distinguished Educators, Makerspace Mavens, and MagicMakers -- **this is BIG, guys! Register now to grab a spot.**

There's a little geniUS in all of us...are you ready to share yours? **Submit a proposal.**

Questions? Want to get involved? Give me a shout (x6563) or shoot me an email [brianna.hodges@sville.us](mailto:brianna.hodges@sville.us)
