

RESOLUTION # 2008-09-07

RESOLUTION TO TRANSFER BUDGET APPROPRIATIONS

The Morrow County School District receives budget approval from the Oregon Department of Education for federally funded programs in September, after the budget has been adopted and is in place. Once the state has approved how the district can spend the federal grant money the budget appropriated by the Board does not always meet the accounting requirements of the state approved budget. In order to spend the federal grant money in the current fiscal year the Board of Directors must approve transferring budget appropriations within the funds.

Therefore, per ORS 294.450, the Board of Directors of Morrow County School District authorizes the following transfers:

Fund 213 Technology Instruction

\$500 from 1000 – Instruction to 2000 – Support Services

Fund 206 Drug and Alcohol Prevention

\$1200 from 5200 – Transfers to 2000 – Support Services

Dated: April 13, 2009

Craig Miles, Board Chairman

Mark Burrows, Superintendent
