| <b>Facility Update</b>  |  |
| <p>Mr. McDermott and Mr. Carl Adams visited Levelock to replace a compromised heat line between the housing and the school. This project finally came together just before the new staff arrived, as the resources were all on the ground in Levelock. The truck needed some TLC to get it in working order...Thank you Carl and Tim for getting it back up and running! Otherwise, the facility is running well, and the staff and students keep it looking sharp.</p>   |  |
