Oak Park District 97 Board of Education
District 97 Administration Building
970 Madison Street
Oak Park, IL 60302

Dear Board Members,

Thank you for your support and investment in the education of all D97 students. The Irving PTO would like to make a donation of two in-ground poles and hoops for the outdoor area of Irving Elementary School. These hoops will be installed on our blacktop. We are donating the rims, posts, backboards, post pads as well as the labor for the installation.

We have chosen to buy the basketball hoops from Haldeman-Homme. They have given us a quote for \$7570. We are attaching their proposal.

We believe that the addition of two basketball hoops will provide more active options on our playground for students. These hoops will be installed at two heights (8 ft and 10 ft) to accommodate our range in student ages and sizes. The rims will be removable and will be put up and taken down daily. The poles will be covered in pole pads to help minimize injuries.

We hope to install the hoops during the summer of 2015. Please let us know if you have any questions.

Thank you,
Irving PTO

Hey John,

Here is the short answer from Joe Massaro. He had told me when he was putting the quote together that they use union contractors. You can let Dr Roberts know that this is the same company that is installing all the new indoor hoops for the district and that they work for D200 as well. Let me know if you need anymore info.

Hi Joe

Our superintendent for the district wants to know if the quote for labor is at the "prevailing wage?"
Could you please let me know so that we can have them approve this proposal. Thanks
Hannah
