

COUGAR NATION NEWS

November 2022

Dear Cougar Friends and Families,

As we wrap up the first quarter of the school year and transition into the holiday season, I have to say how much joy it brings all of us here at the school to have students back in the halls, gyms, barns, and back on the fields. Participating in all of the amazing opportunities we have to offer is a huge chance to make positive connections with other students and adults, as well as one of the best indicators for future graduation! Please encourage your student to participate in at least one sport, one club, and one activity. It is wonderful to witness and helps bring our entire community together.

As we begin the home stretch into the end of the second semester, it is crucial that our students are here in school if they are able to be. The only way for us to help your students graduate is if we can see them. If there are barriers to your student being able to attend school, please reach out!

The holiday season has just started, and while it is one of the most incredible times of the year, it is also a time of year when many students and families may need extra support. Please reach out to the school if you or your student/s have any needs. From extra food to access to mental health or medical services, we are here to help in any way that we can!

Thank you for the opportunity to be part of this incredible community and for our students and staff for all of their incredible hard work.

Sincerely,
Justin Wright
Principal
