Re: Discussion of Bids Results for Asbestos Abatements at Franklin High School –
2013 Bond

Asbestos abatement will need to take place as part of the new Performing Arts facility construction project at Franklin High School this summer. We would like to discuss the responses received from the Request for Bids (RFB) for Asbestos Abatement at the next Building and Site Committee meeting on Monday, March 2, 2015.

The RFB for the asbestos abatement at Franklin was made available on February 10 2015. Our Owner's Representative Plante Moran Cresa conducted a mandatory pre-bid conference on February 16, 2015. The bid responses are due on February 25, 2015. We will bring the bid results and other detail to the March 2 Committee Meeting. The process for evaluation will be in accordance with the criteria that were established previously.

The bid responses will be available in the Business Office conference room for any Board member that would like to look at the documents provided by the various firms. We will have two weeks between the committee and the regular meeting to answer any questions you may have.

On Monday, March 2, 2015 at the Building and Site Committee meeting Plante Moran Cresa will present the results of their evaluation to the Board of Education and provide recommendations for next steps in the process of selecting the vendors to provide the asbestos abatement for the Franklin High School construction project
