

Board Report

Month: September 2025

Administrator: Eric Stewart, Sarah Mansberger, Paige Daniels

Updates:

24-25 Career Awareness & Exploration Highlights

The Career Awareness & Exploration (CAE) team has compiled district-specific highlight documents showcasing engagement in career awareness and exploration events, experiences, and programs supported by our CAE Career Development Consultants. These highlights can be accessed here:  [24-25 CAE District Highlights](#). Consultants are currently using these summaries — along with identified future opportunities — as a foundation for collaborative planning with each district to develop and implement their CAE plans for the 2025-2026 school year.

Career-Connected Learning Professional Development Series

This year, Career Connect Career Development Consultants have designed a year-long series of professional learning opportunities focused on career development for educators across our county. These offerings are intended to deepen understanding and implementation of Career-Connected Learning and include a series of “Power Hours” centered on the Michigan Career Development Model ([25-26 Career Connect Power Hours.pdf](#)). In a strong spirit of collaboration, Career Connect partnered with Educator Supports to include this Career-Connected Learning series in the [Professional Learning Catalog](#) that was highlighted last month.
