

Community Education Report

Dec 13, 2023

**Updates:**

- We held two performances of The Princess and the Pea the first week of December with Missoula Children's Theatre.
  - We had 50 students audition for the production.
  - Our total attendance for both performances was just over 300 people.
  - Next year we are going to try to have our first play of the school year prior to Thanksgiving to avoid conflicts in families' and students' schedules.

**Advisory Council:**

- Our meeting was postponed due to my illness. Our next meeting will be January 10th at 4:30 in the Media Center Flex room. .

**Special Note:** I had to have emergency surgery on December 1st and remain on modified work duty while I recover. There are many projects in the works, but not much progress to report since the November board meeting.
