Administrative Procedure - Workplace Accommodations for Nursing Mothers

The School District accommodates mothers who choose to continue breastfeeding after returning to work. An employee who is a nursing mother may take reasonable breaks to express breast milk or breastfeed her infant. The employee's supervisor shall help the employee arrange a break schedule accommodating the nursing mother while minimizing disruption. The break time may run concurrently with any break time already provided to the employee. The District shall compensate the employee during the break time at the employee's regular rate of pay. The employee is not required to use paid leave during the break time, and the District will not reduce the employee's pay for the break time.

Each Building Principal or chief administrator in another District building shall identify a private room or space where, if a request is made, an employee may express milk or breastfeed her infant. The private space must: (1) be in close proximity to the work area and be other than a bathroom, and (2) be free from intrusion from coworkers and the public, and (3) include an electrical outlet for the use of an electric breast pump.

Supervisors should consider ways to accommodate an employee's needs with minimal disruption of the school environment. If possible, supervisors will ensure that employees are aware of these workplace accommodations prior to maternity leave.
