

Resolution of the Board Regarding Hazardous Traffic Conditions

WHEREAS, Education Code 42.155(d) allows the Board of Trustees of the School District to obtain supplemental state funding for transporting regular, otherwise ineligible students who live within two miles of their school but who would be subject to hazardous traffic conditions if they walked to school;

WHEREAS, the Texas Education Agency handbook on School Transportation Allotments requires the Board to adopt language providing the definition of hazardous traffic conditions applicable to the District and identifying the specific hazardous areas for which such funding is requested;

WHEREAS, the Board acknowledges the Education Code 42.155(d) provisions stating that a hazardous condition exists where no walkway is provided and students must walk along or cross a freeway or expressway, an underpass, an overpass or a bridge, an uncontrolled major traffic artery, an industrial or commercial area, or another comparable condition;

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees of Terrell Independent School District has determined that a hazardous condition exists within the District as defined by Education Code 42.155(d), related to the bus routes identified below, and the Board of Trustees has identified hazardous conditions existing related to each route due to the absence of side-walks and/or safe walking pathways due to State Highways 34, 80, 205 and Interstate Highway 20 or any route that may impede a students' safe passage to and from school, such as unsafe traffic conditions or temporary unsafe road conditions as determined by the Superintendent.

1. Elementary Routes 9
2. GLA Routes 1
3. Secondary Routes 9
