SUBJECT: School LAND Trust Plan Amendment

Bonneville High is seeking Board of Education approval on changes to their School LAND Trust Plan. A Community Council meeting was held on March 20, 2024, to discuss the amendment.

The Community Council is requesting an amendment in the wording of the school goals and measurements. The new language makes the goals more specific and increases the rigor of the reading goal.

The following are statements of the proposed language for the action plan for Goal 1.

Goal 1, action plan step 1 buyout amount was estimated at \$12,500 and is actually \$11,938.81. The buyout for our ACT prep class (action plan step 2) was not included in the total amount. The total amount for buyouts in goal 1 has been adjusted from 8 buyouts at \$100,000 to 9 buyouts at \$107,449.29.

Bonneville High School conducted a Community Council meeting in which voting followed Utah State Law. The Council agreed that rewording the language of the goals would be beneficial to students and staff. The school was represented by a quorum and voting was unanimous for the above proposal. Based on this information, I am requesting the Board approve these School LAND Trust changes.
