

8075 FORMULATION OF ADMINISTRATIVE REGULATIONS

The School Board shall delegate to the Superintendent the function of specifying required actions and designing the detailed arrangements under which the schools will be operated. Such rules and detailed arrangements shall constitute the administrative regulations governing the schools. They must, in every respect, be consistent with the policies adopted by the School Board.

In the absence of applicable policy, the Superintendent is authorized to establish needed regulations. Such regulations may be subject to later confirmation in School Board policy.

The School Board shall formulate and approve administrative regulations only when specific state laws require School Board approval, or may do so when the Superintendent recommends School Board approval in light of strong community attitudes, or negative staff reaction, or other forms of controversy.
