

**SCHOOL FACILITIES**

**Exhibit B 9050**

Rules, Regulations and Guidelines for Use of School Facilities

Charges and Fees

School district funds are directed to the support of programs of the school. Any direct costs that are attributable to non-school use of facilities will be recovered. Any added personnel costs attributable to the use of facilities by non-school users will be charged to those users. Billing will take place after the event and after a final inspection has been completed and actual costs have been determined.

Non-school users will be classified and charged in one of three groups:

1. Category I – Board Approved and Youth Programs
2. Category II - Community Organizations, Commercial Groups, Government Agencies

Fee Schedule for Community Use of School Facilities

Fees are based on up to four hours use. Additional fees will be assessed if use exceeds four hours.

Computer Labs	100.00	
Freezers and Other Kitchen Equipment	20-50.00	
Tables, Chairs, Risers, etc	20-50.00	

The user will be responsible for the following personnel costs:

1. A custodian may be required at all facilities during after-hours use and/or extensive setup, tear down, or clean up. The user will be billed by the school district at a rate of \$75.00 per hour. Time billed will be determined after final inspection of facility used.
2. A Food Service staff or designee is required to supervise anytime a school kitchen is used. The manager/cook must complete a final inspection of the facility. The user will be billed at the school district rate of \$75.00 per hour for the manager's/cook's time. Time billed will be determined after a final inspection of the facility used.

If the event is scheduled during a custodian's regular schedule, there may be no additional custodial fees unless the event requires extensive setup, tear down or clean up, in which case the user will be required to cover the cost. Necessity of a separate custodian will be determined by the school district.

Snow Removal is not provided for Category II users unless specifically requested 3 days prior to event. Snow removal will be charged at the current hourly rate.

Any damage to school facilities and equipment will be charged to users.
