Re: Bid Results – Cleveland Play Structure

We would like to discuss the results of the bid for a new play structure at Cleveland Elementary at the next Building and Site Committee meeting on Monday, November 2, 2015. We are replacing the equipment that was recently removed from the playground, as it was unstable and not appropriate for the age groups at Cleveland.

There were six vendors that responded to the bid. We are recommending that we award the bid to Great Lakes Recreation Company, in the amount of \$43,837. Great Lakes' proposal included equipment that provides the most durable and stable play structure by utilizing 5" pipe stanchions. This is a sinking fund expenditure.

The recommendation letter from Harry Lau, Administrator of Facilities and Operations, as well as the bid tabulation are attached for your review.

Please let me know if you have any questions or concerns.
