## **Background Information**

Advising Generation Z is an online, alternative disciplinary resource that provides engaging digital diversion videos, matching lessons, and facilitation guides that can be used to address specific student infractions independently or in a group setting. The online platform provides campuses with ready-made modules that target specific behaviors, proving to be an essential part of Duncanville ISD's overall behavior management program.

## **Administrative Considerations**

This partnership was provided for the 24-25 school year at no cost to the district. The platform was piloted in Middle School ISS classrooms and both alternative campuses, which resulted in significant reductions in OSS placements. Duncanville ISD was granted an \$8000 scholarship to continue with the partnership for the 25-26 school year, leaving the district responsible for covering \$12,000 in cost.

## **Recommendation**

It is recommended that the Board approve the Memorandum of Understanding between Duncanville ISD and Advising GenZ to continue the partnership for the 2025-2026 school year.

## **Suggested Motion**

I move that the Board approve the Memorandum of Understanding between Duncanville ISD and Advising GenZ to continue the partnership for the 2025-2026 school year.
