

Reduce your risk of **coronavirus** infection:

Clean hands with soap and water
or alcohol-based hand rub

Cover nose and mouth when coughing and
sneezing with tissue or flexed elbow

Avoid close contact with anyone with
cold or flu-like symptoms

Thoroughly cook meat and eggs

No unprotected contact with live wild
or farm animals

World Health
Organization

Prevention and Treatment

- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

Symptoms

- Fever
- Cough

- Shortness of breath
