

Secondary Course Proposals 2020-2021

Type of Proposal	Course Title	Department	Site	Target Audience	Credit	Rationale for Proposal	Prerequisites	Scheduling Considerations	Instructional Resources/Materials (type & cost)
Course Modification	Personal Finance	Business & Computer Technology	BHS	10th, 11th, 12th	1/2 credit	Add a "Hybrid" option to this course in order to provide students more opportunities and options for scheduling.	na	na	na
Course Modification	CIS College Academic Prep - CAP	Business & Computer Technology	BHS	10th, 11th, 12th	1/2 credit	Add a "Hybrid" option to this course in order to provide students more opportunities and options for scheduling.	na	na	na
Course Modification	Law and Order	Business & Computer Technology	BHS	10th, 11th, 12th	1/2 credit	Add a "Hybrid" option to this course in order to provide students more opportunities and options for scheduling.	na	na	na
Course Modification	Apps for College: Excel & Data Analysis	Business & Computer Technology	BHS	10th, 11th, 12th	1/2 credit	1) Adjust the course from 9-12 graders to 10-12 graders due to readiness level of freshmen in Excel until they explore other computer application options prior to this course. 2) Add a "Hybrid" option to this course in order to provide students more opportunities and options for scheduling.	Recommendations: Apps for the Future and/or Apps for Presentations	na	na
Course Modification	Culinary Foods 2	Family & Consumer Science	BHS	10th, 11th, 12th	1/2 credit	Culinary Foods 2 is no longer being offered as a CIS class and therefore does not need to be a 2-quarter class. Modify the curriculum to still support the ServSafe Food Handler certification but open up the opportunity for more sections of the class to run in a year by changing it to a 1-quarter class, rather than being a one-time, 2-quarter offering.	Fundamentals of Food Preparation & Culinary Foods 1	As a quarter class, it will open up more elective opportunities for students. As a 2 quarter class, it restricted the number of students able to take it due to scheduling conflicts with other classes.	na
Course Modification	CIS Research and Development to CIS Competitive Engineering	Tech Ed	BHS	10th, 11th, 12th	1 credit	Students have recommended a name change to more accurately describe the class. From student surveys, the new name would be CIS Competitive Engineering.	none	na	na
Course Modification	World Cultures	World Languages	BHS	9th, 10th, 11th, 12th	1/2 credit	Change the title to "Introduction to World Languages"-- students are currently getting this confused with World Studies and World Religions and thinking it is a social studies credit - rather than a language-based course.	none	na	none
Course Deletion	Work Preparation Program	Business & Computer Technology	BHS	12th	1/2 credit	With OJT/Work Experience being offered now at BHS this course no longer needs to be offered.	na	na	na
Course Addition	Online Fitness for Life	Physical Education	BHS	11th, 12th	1/2 credit	There are juniors and seniors that are choosing to go PSEO and elect online classes through other institutions. Add an online PE course as an option for students to stay enrolled at BHS full-time, yet provide them with the flexibility they desire.	9th grade PE; 10th grade PE	1st or 4th block if possible	none
Course Addition	Baking & Pastry	Family & Consumer Science	BHS	9th, 10th, 11th, 12th	1/2 credit	An additional foods course that is open to 9th - 12th graders is needed. In this course, students will learn preparation and more in-depth techniques and principles used in baking. The units include: Safety and Sanitation review, Kitchen Equipment, Measuring and Ingredient Functions review, Cookies, Quick Breads, Yeast Breads, Cakes, Pies and Pastry. If time allows, a unit on candy making may also be included. Students have shown great interest in adding another foods course at BHS, many wanting another option that can extend their time in the FCS foods room past 2 quarters.	Fundamentals of Food Preparation	none	Baking materials (pans, utensils, etc.) and a baking/pastry specific textbook for students.
Course Addition	Apps for Presentations	Business & Computer Technology	BHS	9th, 10th, 11th, 12th	1/2 credit	There is a real need for students to learn how to present effectively and utilizing interactive and engaging media visual aids. This course will allow 9-12 graders to build their confidence and to utilize the newest and best programs to add to the presentation experience.	none	none	na
Course Addition	Inclusive PE	Physical Education	BCMS	8th grade	na	Expand the high school Inclusive Physical Education course opportunity to the middle school. Inclusive Physical Education helps SPED students meet standards in an Adapted PE setting. General education students register for the PE Inclusive PE Mentorship as an elective and help SPED students participate in Recreation, Leisure and Fitness in school and have community-based education opportunities.	none	none	none
