

**Board Workshop Date:** 5.15.2023

**Title:** Secondary ELA Course and Resource Recommendations

**Type:** Discussion

**Presenter(s):** Bethany Van Osdel, Assistant Director of Teaching and Learning; and Jody De St. Hubert, Director of Teaching and Learning

**Description:** The Edina Comprehensive Literacy Plan K-12 has been developed in response to the Edina Public Schools 2020-2027 Strategic Plan's call to review, develop, and implement a continuous improvement plan for literacy, readiness, and rigor for all. The 6-12 Comprehensive Literacy Plan defines the unified commitments for secondary ELA programming in Edina Public Schools. In addition, it outlines the high level view of the structures and processes for decision making and implementation. The secondary ELA course and resource recommendation processes will use the 6-12 CLP as a guide. The processes for secondary ELA course and resource recommendations will also use the guiding change documents and timelines outlined in the following report as critical guides in the process.

The guiding change documents were co-created by a variety of design teams throughout the last three years. The combination of the previously approved K-12 Comprehensive Literacy Plan Guiding Change document and the Secondary Comprehensive Literacy Plan CPSS continuum were synthesized to create the guiding change documents included in this report. The Tier 1 Secondary ELA Design Team will be meeting on Wednesday, May 17th. They will be updated on board input and collaborate on any final edits.

## Secondary Course and Resource Recommendations Timeline

The following timeline is organized using a MTSS model as a framework (in depth information on MTSS can be found in the [Secondary CLP on pages 16-22](#)). Minnesota Multi-Tiered System of Support (MnMTSS) is a systemic, continuous improvement framework for ensuring positive social, emotional, behavioral, developmental and academic outcomes for every student. MTSS provides access to layered tiers of instruction using culturally and linguistically responsive, evidence-based practices and relies on the understanding and belief that every student can learn and thrive. In Edina MTSS is intentionally designed to meet the unique needs of each and every Edina learner across the entire spectrum of learning differences, from learners who are demonstrating a need for additional support to learners who are demonstrating a need for acceleration. This aligns with our Edina vision that each and every student will discover their possibilities and thrive.
