Dr. Cox:

Heyburn Elementary has been in need of a new piano for some time, but because the cost of a new piano is much more than we can budget for, we haven't pursued this until now. Our music teacher, Tammy Barendregt, has found that Welch's Music is selling electric pianos now for \$449.00. Because of this very reasonable price we feel we could raise this amount of money through a school fund-raiser.

We're requesting that Heyburn Elementary be able to run a 'Hat Day' fund-raiser for \$1.00 a student, and if we don't reach our goal, we can cover the balance through our school funds.

We appreciate your consideration of this request. Our music program is very important to us, and we need the supplies and adequate equipment to be able to sustain a good program.

Thank you for your consideration,

Sanie Baker, Principal
