

Action Sheet

MEETING DATE: June 26, 2024

AGENDA ITEM: Consider renaming a portion of Ball High School to recognize and celebrate a community philanthropist for contributions to Galveston ISD and the community at large.

Local Policy CW (Naming Facilities)

The Board retains the sole responsibility and authority for naming or changing the name of any new or existing school or facility. This authority includes any portion of a facility, such as an auditorium, gymnasium, or library, as well as any definable outdoor area such as a garden.

A facility or portion of a facility may be named for a person or family, in honor of a historic event or place, a geographic area, or for a major donor. The name should lend prestige and status to an institution of learning.

Details supporting this Action Sheet shall be included in CW (Exhibit) under separate cover.

RECOMMENDATION: I move that the Board of Trustees accept the recommendation to rename the Ball High School auditorium in honor of the attached community philanthropist.

Matthew Neighbors Ed. D.
Superintendent
