

KALAMAZOO RESA

Operational Supports

Board Updates

Technology, Facilities, Transportation, & Safety

Month: April 2025

Administrator: Brian Schupbach

Update:

- I am pleased to announce that we have hired Michelle Triemstra as our new Director of Technology. Michelle comes to us from Otsego Public Schools where she was the Director of Technology for 23 years. Her wealth of experience and leadership will greatly benefit KRESA and the districts we serve.
- Later this month, the sign at the entrance to the Service Center will be updated with our new logo.
- To improve building security, we are beginning to roll out a visitor management system called Raptor. This system will allow us to run a quick check on the sex offender database for every visitor in our buildings. This system will also help us identify exactly who is in our buildings in the event of an emergency.
