

## 2022--2023 Neola Elementary PBIS Plan

PBIS aide: Christi Lewis

1. Continue providing daily (M-F) positive interventions with needing students (academically and socially in order to build a positive relationship).
2. Continue collaborating with teachers, special ed., and administration in identification of needy students and their individual needs.
3. Continue small Social Skills groups that work on specific skills needed within the group. These groups meet 1-2 times a week and utilize the Zones of Regulation and Second Step programs.
4. Continue providing individual positive reinforcement for students on "trackers."
5. Implement monthly, whole school, skill focuses by providing short lessons to the whole school once a month. These lessons come from the Second Step curriculum Principal's Pack.
6. Continue school theme "Super Heroes." This theme is being used to encourage a positive environment. It is also being used as the driving force behind our monthly skill focuses.
7. Continue building our school Wellness Center in order to foster SEL and Self-regulation.
