RECOMMENDATION:

It is recommended that the Kent ISD School Board approve the statement of work from MAISA for phase two of the Cybersecurity Feasibility study grant for \$85,000.

BACKGROUND:

In May, the Kent ISD School Board approved the statement of work from Plante Moran to conduct a three-county study to determine the optimal model for regionalizing cybersecurity services.

In the phase of the project, Kent ISD will contract with MAISA to develop an implementation framework based on the recommendations from phase 1 of the study. In addition, the team will validate the phase 1 work to determine if the scoping assumptions and measures work for other regions in the state.
