ITEM FOR INFORMATION

TECHNOLOGY DEPARTMENT REPORT

SUMMARY

The Technology Department will provide information on the state of technology systems functionality and key measurements of student and staff technology experience.

BACKGROUND

The report on the technology department contains project updates on the network, cybersecurity, enterprise applications and data from student and staff user surveys. Updates on improvements funded by the 2022 bond also are detailed in the report.

RECOMMENDATION

Staff will present information on district technology systems and user experience. No action is needed.

Belong. Believe. Achieve.
