

HILLSBORO HIGH SCHOOL

Hillsboro High School Board Report

May 2017

Enrollment

Enrollment: Total – 533 (9th – 135, 10th – 142, 11th – 127, and 12th – 129)

Hillsboro High School Girls Softball

Congrats to the HHS Lady Eagles Softball Team on their recent Bi-District Championship. The Lady Eagles defeated Fairfield in two games to advance to the next round of playoffs vs Salado. We look forward to these successful student-athletes representing the Hillsboro community, HISD, and HHS as they continue their successful playoff run. Congrats to all of the players, Coach Lewis, and the entire coaching staff.

Art Department – Ms. Alyssa Bedrick

During the Summer of 2016, the Hillsboro High School Administrative Team had to fill the vacancy for the only HHS Art teacher on staff. In the end, we hired Ms. Alyssa Bedrick. Ms. Bedrick has truly done a great job in her first year of teaching. She has continued to grow professionally throughout the school year. Ms. Bedrick has set high expectations for her Art students and it is evident in their successful Art work. She challenges the students on a daily basis to be creative and also allows for students to show their sometimes unique individualistic view of the world and their Art work. Lastly, Ms. Bedrick has showcased her students Art work locally and outside of Hillsboro at various competitions. A few of her students received awards and one recently received a scholarship. If you ever visit HHS, her students' Art work can be found in and around campus for the students and faculty to enjoy. Thank you to Ms. Bedrick and all of her students for their Art work.

Below is some of their Art work. Students finished their Warm/Cool Color Self-portraits. The students used either warm or cool colors for their face, and then the opposite of what they chose for the background. They explored how to use chalk pastels by adding and blending shadows and highlights to their face for a realistic effect.

In another recent Art class, students finished their ‘In the Round Sculptures’. Students were given a foam block to carve a sculpture out of. They had to determine what each side would look like before they started carving.
