- Everything Else

# Websites to Bookmark

These are the sites you will use. First two are just for you, last one is for your fans.

NAME	URL	WHAT IS IT FOR?
<b>Console</b>	<u><a href="http://console.nfhsnetwork.com">console.nfhsnetwork.com</a></u>	Our “back-end” system – schedule broadcasts, edit your NFHS Network site, and more.
<b>Support Site</b>	<u><a href="http://support.NFHSnetwork.com">support.NFHSnetwork.com</a></u>	All of our support videos and articles.
<b>Watch Games</b>	<u><a href="http://NFHSnetwork.com">NFHSnetwork.com</a></u>	Our main website – where your fans will watch your broadcasts. Just search for your school to get to your page.

# What You Can Do From Your Phone

Because most people don't have computers on the sidelines.

NAME	URL	WHAT IS IT FOR?
<b>Console Mobile</b> <i>(this one is extra important!)</i>	<a href="http://console.nfhsnetwork.com">console.nfhsnetwork.com</a>	Mobile version of Console where you can: <ul style="list-style-type: none"><li>• Run test events on your Pixellot unit with just a few clicks</li><li>• Monitor the “health” of your units (are they ready to broadcast)</li><li>• Start or end Pixellot broadcasts early</li><li>• Easily contact our Support team</li></ul>
<b>Record Practices</b> <i>(great for coaches)</i>	NFHS Network Playbook App (for iOS and Android) <a href="#">Click here for more info</a>	App designed for coaches to record practices with Pixellot: <ul style="list-style-type: none"><li>• Switch between “auto-production” and fixed frame views</li><li>• Mark custom drills/plays</li><li>• Tag players and timestamp plays for later analysis</li></ul>
<b>Support Site</b>	<a href="http://support.NFHSnetwork.com">support.NFHSnetwork.com</a>	All of our support videos and articles.
<b>Watch Games</b>	NFHS Network App (for iOS and Android)	Our mobile app – where your fans will watch your broadcasts. Available in app store on iPhone or Android.

# Most Important Tutorials

There's much more you can do, but these are the big ones.

Tutorial Videos (all 2 min or less) <i>(click to access)</i>	Why it's important
<a href="#"><u>Console Mobile</u></a>	From your phone: Run test events, monitor the health of your units, and control if your broadcasts start/stop early.
<a href="#"><u>Add and Edit Broadcasts</u></a>	The basics. Go in our system and schedule a game, practice, or event for your Pixellot to live broadcast. Then make changes, if needed.
<a href="#"><u>Download Game Film</u></a>	Critical for coaches! Set them up to get automatic emails after games to download the game film. For football we'll take out all the "dead time" between plays for you.
<a href="#"><u>Add Additional Console Users</u></a>	Give other people at your school access to Console to do all of the things mentioned above.

# How to Get Support

If you have questions or need help, here's how to get it.

Type of Request	Where to Send It	How to Send It
Technical (Live Event)	Support Team	Text to: <b>404-334-7988</b>
Technical (Everything Else)	Support Team	Email to: <b><u><a href="mailto:support@nfhsnetwork.com">support@nfhsnetwork.com</a></u></b>
Non-Technical	Account Manager	If you don't know your Account Manager's contact info, email <b><u><a href="mailto:accounts@nfhsnetwork.com">accounts@nfhsnetwork.com</a></u></b>

# Everything Else

Some other important things that didn't fit in the first 4 slides.

1. **You may have to do a few things** to keep your unit “ready to broadcast” – [click here to learn more](#)
2. **Email your athletic schedules** to [schedules@nfhsnetwork.com](mailto:schedules@nfhsnetwork.com) at least 3 weeks before the season starts
  - Only teams that play at your Pixellot venues
  - If you use Arbiter, tell us (we may be able to get the schedules from there)
3. **Tell your fans!** We'll promote your broadcasts on our end, but we have templates you can use to get the word out on your own – [click here](#)
