

HEALTH CARE AND EMERGENCIES

Parents should only be referred to medical or mental health providers through the use of a community referral list. For any individual provider identified on the community referral, the list must contain the name, specialty, and credentials of the individual. All lists of community resources must include the following language:

This list is provided as a resource to you. The school neither recommends nor requires that you use this list or any of the services provided by individuals or entities on the list. It is for you to decide what services, if any, to use and from whom you wish to obtain them.

The Principal/Site Administrator is responsible for ensuring that referrals are made in compliance with the above requirements and BP 5141.
