Hello All,

Please only respond to me if you have questions or concerns.

As I shared at our last meeting there are several curriculum options that our Family Academy students are choosing, and by policy they must all be approved by the Board. Approval of these curriculum choices will be on our agenda at our November 17 meeting, and in your packets prior, but I wanted you to have as much time as possible to peruse these options that families have chosen.

While we have not purchased each and every one of these curriculums, students in Family Academy are using the following curriculum options to meet their academic needs, and I will be asking for your approval of these options next month. Ms. Hawthorne and I have reviewed these options and approved them. The links provided should take you to their websites with solid descriptions of what they can provide.
