 - Focusing on Organizing
-

WHY WE STARTED THIS PROJECT

- We were both have been teacher aides for Mrs. Hofenbredl at the Special Programs Office
- Last year Mrs. Hofenbredl created Angel's Attic as a resource for our homeless students
- The community supported it so much that last year the volunteers and the previous district homeless liaison became overwhelmed
- This year my mom, Leigh Anne Michaelson became the homeless liaison and wanted to organized this valuable resources.
- Both Kiatia and I saw how much this program helps so many people, that we wanted to help Mrs. Hofenbredl and my mom.
- We helped them organize it to make it easier to help people.
