

# MORTON EAST

## Student Activities Report

Highlights of the month:

FEBRUARY 2026

### Morty's Birthday Celebration

Morty's birthday was on February 1st (2/01), so we threw him a big celebration on Monday, February 2nd! Students were able to take their picture with Morty and sing along to "Las Mañanitas" with our Mariachi group!

### Second Semester Club Fair

We had our second semester club fair on February 3rd in the auditorium foyer and stage. Now that many students are settled into their routines, many were excited to check out our club offerings to begin to get involved in activities in second semester. Students are ensuring they are meeting the requirements of the Portrait of a Morton Graduate by participating in 2 or more clubs during their high school experience.

# MORTON EAST

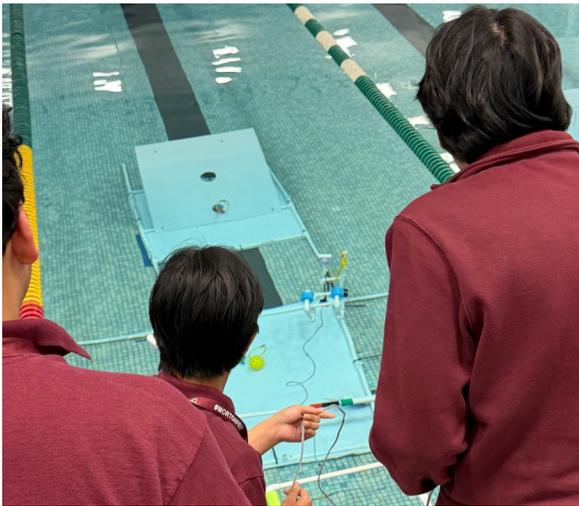

## Student Activities Report

Highlights of the month:

FEBRUARY 2026

### West Suburban Conference Underwater Robotics Competition

Morton West, in conjunction with Northeastern Illinois University, hosted an underwater robotics competition for the West Suburban Conference. Morton East won second place for the obstacle course and first place for the mission challenge.

### Black History Month Assembly

On Thursday, February 26th, our Black Student Union hosted the Black History Month assembly. The program, was fully developed by the Black Student Union students, featuring student written poetry, a video of student interviews, performances from our jazz band, and an amazing vocal performance backed by our choir. Feedback from staff and students were extremely positive!
