Annette Orelup, Principal
Keeling Elementary School
2837 N. Los Altos
Tucson, AZ 85705

Dear Annette:

We have received your approvals of three projects outlined by two of your teachers. We are happy to support these three worthy efforts as follows:

Sandra Schiffman (Project 1, \$442.96, Check #1390);
Beth Brundgardt Project, \$500.00, Check #1391);
Sandra Schiffman (Project 2, \$600 portion, Check #1392).

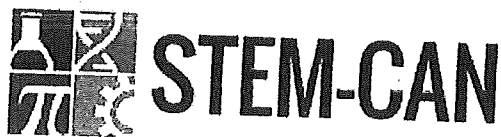

It is with some regret that we stick to current policy and only fund the major portion of Sandra Schiffman's second project at this time; first, please do not ask an underpaid teacher to supplement payment for this praiseworthy project; secondly, a basic drive of SCS is to get the community involved in their own school. If this involvement is merely via the tax credit donations, so be it---I would hope the PTO might proudly find the way (if not, please notify me).

I hope you and your staff enjoy the most important job after parenting,

Stephen Uhl, Ph.D., President

STEM-CAN Teacher Assistance Proposal

To enhance your educational effectiveness STEM-CAN Supporters (SCS) is offering direct financial assistance (up to \$600 each) to teachers and STEM Club sponsors in needy (Title 1) neighborhood public elementary schools in Southern Arizona. You may apply for funds by mailing to the above address a paper copy of this completed form, signed and dated by both you and your Principal.

PROPOSAL details --

1. What is something you want to do for or with your students but cannot currently afford to do it?
I would like to use HESS Toy trucks to teach simple and compound machines to my 5th grade students.

2. In 200 words or less, describe this project, listing individual items' estimated costs totaling up to \$600.

I would like to purchase 12 of the 2017 Hess Truck which consists of two vehicles: a dump truck and a loader. Through these models, my students will learn about the six categories of related devices (simple machines) such as the inclined plane, lever, pulley, screw, wedge and wheel and axle. Students will experiment with lifting forces, traction and the center of gravity, degrees of freedom, supporting heavy loads on bridges, and potential jobs in STEM fields including advertising. In addition, my students will be researching and writing about the science and engineering concepts that they learn. Each Hess Truck costs \$33.99 plus tax. These Hess trucks are non-consumable and can be used year after year to teach STEM concepts.

Twelve 2017 Hess Trucks (dump truck and loader) $\$33.99 \times 12 = 407.88$.
Estimated Tax \$ 35.08

Free shipping

Total \$442.96

TOTAL cost of proposal \$442.96

(If more space is needed, please continue on reverse side of this sheet.)

3. Applicant's remarks/suggestions/questions:
None at this time.

Teacher/Applicant Sandy Schiffman Room/Grade 200/5th Grade email sschiffm@amphi.com

Teacher/Applicant's signature [Signature] Date signed 11/6/17

Principal Annette Orelup email aorelup@amphi.com Phone 520-696-6944

Principal's signature [Signature] Date signed 11/8/17

School name Keeling Elementary School District Amphitheater

School mailing address 2837 N. Los Altos, Tucson, Arizona 85705

STEM-Community Action Network Supporters (SCS) --- basic principles:

SCS is deeply convinced 'it takes a community' to educate its own youngsters maturely.
All SCS funds and efforts are motivated "For 100% graduation of caring students."
All SCS efforts are approved by the clear authority of the local Public School Principal.
No one knows a school community's needs and joys better than that community itself.
No one, no one, really cares as much about a community's success as that community does.
All SCS funds are directed to enhancing cooperation within the Public School Community
