

Independent School District No. 51
FOLEY ELEMENTARY SCHOOL
"Helping Students Succeed Every Step of the Way"

Adam Kluver, Principal

FES June 2025 School Board Update

New FES Teachers

I would like to welcome Victoria Vorobyev to the FES staff. Victoria will be teaching 3-year-old preschool and ECCE classes with Lori Steen.

PBIS School Recognition

Foley Elementary School was once again recognized by MDE as a Sustaining Exemplar school for the second straight year. In 2023, FES was recognized as an Exemplar School and in 2024 as a Sustaining Exemplar school. The purpose of Minnesota PBIS Sustaining Exemplar Recognition is to identify and recognize exemplar schools that have completed PBIS implementation and are continuing to achieve positive student outcomes.

Finishing the School Year Strong

I would like to thank our students, families, and staff for finishing the year on a strong note. There were many fun experiences for kids in the last weeks of school. The final day included lunch and activities in the park for 1st-3rd graders, as well as kindergarten activities held back at school.

Fitness Fest Fundraiser

FES held its annual Fitness Fest fundraiser on Friday, May 23. Students had a great time outside playing games and being physically active. The weather was fantastic, and we raised funds to help purchase playground equipment and improvements, cover field trip transportation costs, pay for roller skating in phy. ed. classes, and guest speakers.

Summer School Programs

We have 26 students participating in summer school (Targeted Services and Extended School Year). Students will be at school in the morning, every Tuesday, Wednesday, and Thursday throughout June.
