

Beeville ISD
BOARD OF TRUSTEES

Date: February 22, 2017 Presented By: Dr. Puig
Subject: Campus Grade
Configurations for 2017-2018 Related Page(s) _____

Action

BACKGROUND INFORMATION:

This proposed action is in accordance with our BISD Strategic Plan, *Strategy 2.1.3.: Restructure current grade spans and configurations at elementary, intermediate, and junior high campuses in the context of improving conditions for student achievement.*

Based on recent academic and operational data received from external experts, including impending data, all pointing to less than optimal learning conditions for BISD students on the aforementioned campuses, administration recommends moving forward with restructuring campus grade configurations for 2017-18.

If approved, administration will proceed with new grade configuration proposals, including innovative campuses aligned to *Strategy 2.1.2: Design magnet and other unique school choice models that emphasize a particular educational focus such as: engineering, science, technology, and/or the arts.*

RECOMMENDATION:

Approval

BOARD ACTION REQUIRED:

I move the Board approve the restructuring of campus grade configurations for 2017-2018.
