RE: Bid for Services 21st Century Community Learning Centers Grant

Per our discussion, I am submitting this proposal for a contract for Jason Andreas (DBA: Playground Educational Consulting) to complete and submit the competitive OPI - 21 st Century Grant Application by February 27, 2024 on behalf of Browning Public Schools. The 21 st Century Community Learning Centers Grant focuses on after school, summer and weekend activities that supplement and enhance school day educational activities. If the application is successful, the grant will provide \$1.25 million dollars in funding over the 5-year life of the grant cycle for these purposes. Mr. Andreas is a licensed independent contractor with the State of Montana and has a current Blackfeet Tribal Business License on file with the BPS Business Office. I will be working with Matthew Johnson, Director of Prevention Services on the program design so that the services provided by the grant best fit the unique needs of the student's served by the District.

These grant writing duties will occur outside of the already contracted hours as a certified employee of the district.

60 hours X \$50.00 per hour = \$3000.00

Financial Impact: \$3000.00
