Re: Midland Elementary School Playground

WSD Board Members,

Midland Elementary School has been saving for a new playground by doing fundraisers over the past three years and saved approximately \$50,000 coupled with a RAMP Grant of \$102,423.00 and is now seeking Board approval to purchase a new playground.

There are currently two structures, one which has been in place for over 25 years and needs replacement. The other structure is not appropriate for the students in our preschool and will be made ADA accessible for access for all students. We are adding an additional structure for the older students which will be an agility playground. This new structure is necessary for successful play and movement for our students as well as the community. Please see the attached bid. Other bids have been obtained from vendors on State Contract as well.

Thank you for your consideration of this acquisition. District procedures and safety requirements will be followed. If I can provide you with further clarification or answers to questions, please contact me at 801-452-5403. Alternatively, you can reach me on my cell phone at 801-725-3802.

Best Regards,
Stacy Rountree
Principal
Midland Elementary School
