

**CONSIDERATION OF APPROVAL OF GIVING THE SUPERINTENDENT THE
AUTHORITY TO SIGN JOB ORDER CONTRACTS FOR VENDORS TO PERFORM
PAVING AND ROOF REPAIR PROJECTS**

Action Item:

At last month's meeting, the Board approved the district to move forward regarding some needed facility projects. Dan Bartlett, of Bartlett Architecture, has been working on the specs for some paving issues needing attention, including a new driveway (parent pickup) at the elementary campus, some seal coating for select parking lots, and some spot-patch jobs for deteriorating drives and parking lots. He has also been working on the specs for a new roof for the junior high gymnasium. This item has been placed on the agenda so that the Board can officially give the superintendent the authority to search out vendors (through the Region 8 TIPS purchasing co-op) and sign the necessary contracts in order to expedite these projects so that they may be initiated and completed before the start of school in August. Any vendor selected, along with the quote for each project, will be communicated to the Board before contracts are signed and/or work begins.

Recommendation:

I recommend the Board approve this agenda item, as presented.
