

DU PAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomington, Illinois

Regular Meeting August 22, 2022

FOR DISCUSSION:

Subject: TRS SSP Employer Participation Agreement

Since this spring, TRS has encouraged public school participation in their Supplemental Savings Plan program. However, when it was first released, many districts including District 13, noticed that there were elements in the language of this plan that exposed school districts to unwanted liabilities. School attorneys became involved through professional organizations working with TRS to sort out these concerns. Changes were made and agreements are in place to adopt the attached Resolution at the September 26 regular meeting of the Board of Education.

Ms. Varhalla explained the details of the District's future involvement in the Plan with the leadership of the Bloomington Council of Teachers at their August 11 meeting. She will also provide details about the plan for the Board this evening. Should you have any questions, Ms. Varhalla and I will be happy to address them following her explanation of the Plan and the employer agreement.
